

Brayden's Youthlinc Trip to Fiji! (flyer example)

Hello! My name is Brayden Davies and I am from Holladay. I have the amazing opportunity to return to Fiji this coming summer to participate in a Humanitarian trip through an awesome local organization called Youthlinc and their Service Year Program. Their mission is to create lifetime humanitarians by providing students with local and international service opportunities. As part of the program, I will be serving for a total of 80 hours in our local community before going on a 2 week international trip in Fiji where we will be working with local villagers on numerous different projects.

For my local service I will be volunteering at an after school program called Real Life. This program helps mentor refugee and immigrant teens. At this site I will be helping with homework, participating in activities with the kids, as well as helping teach skills that can help with things in the Real World. I will be volunteering at the Olympus Location twice a week for 2 hours each time and can't wait to connect with the students there!

Then in June I will be able to go to Fiji where we will work with our team to accomplish many different tasks! In 2016 the northeastern shore was hit by Cyclone Winston and devastated many of the small villages there. Our team will be assisting in building bathrooms and teaching skills such as sewing, gardening, medical first aid, and business lessons. All of these projects have been requested by the village and we will be working with locals to make sure they are done in a sustainable way.

Unfortunately, going to Fiji is not free. My total trip cost will be \$4000, and I am looking for ways that I can work to raise that money. If 100 people each donated \$40 I would have my trip paid for! I will also be doing _____ to raise money towards my trip and will be charging _____. If this is something that interests you, or if you have other tasks and jobs that I can do to try and make money for my trip, please let me know! I really appreciate any and all the help that you are willing to provide, and will provide updates along the way of my journey, so if you are interested in supporting me you can donate to me directly, or go to my fundraising page at _____.

Again thank you for anything and everything!

Sincerely, Brayden (contact info)
